PROFESSIONAL SUMMARY

Entry-level Django Developer with hands-on experience building web applications using Python, Django Framework, Django ORM, and REST APIs. Skilled in MVT architecture, user authentication, and CRUD-based systems. Proficient in HTML5, CSS3, Bootstrap, JavaScript, and React.js. Eager to contribute to a backend development team and grow in AI/ML domains.

TECHNICAL SKILLS

Backend: Python, Django Framework, Django REST Framework (DRF), MVT Architecture, REST API, Django ORM

Frontend: HTML5, CSS3, Bootstrap, JavaScript (ES6), React.js

Database: MySQL, SQLite

Tools & Platforms: Git, GitHub, VS Code

Concepts: User Authentication, CRUD Operations, Session Management, Appointment Scheduling

PROJECTS

Hospital Booking Web Application

Stack: Python, Django, Django ORM, SQLite, Bootstrap, HTML/CSS

- Built a full-stack hospital booking application with user registration and secure login using Django's built-in authentication system
- Implemented appointment booking and doctor-patient scheduling features using Django ORM with SQLite database
- Applied Bootstrap for a responsive and mobile-friendly frontend interface accessible across devices
- Structured the application using Django's MVT architecture with separate models, views, and templates

Calculator Web Application

Stack: React.js, Django REST Framework, Django ORM, SQLite, JavaScript, CSS

- Built a full-stack calculator with React.js frontend consuming a Django REST API backend
- Designed RESTful API endpoints using Django REST Framework to handle calculation requests and responses
- Used React useState hooks for state management and real-time UI updates

EDUCATION

Bachelor of Computer Applications (BCA) | 2023 – 2026

Yenepoya Deemed University, Bangalore

Computer Commerce (Class XII) | 2021 – 2023

GHSS Thiruvalli, Kerala

CERTIFICATIONS & COURSES

- Generative AI Literacy — Coursera
- AI and Deep Learning — Coursera
- IoT Devices — Coursera
- Python NLTK — Coursera
- SQL Joins, Pointers and Arrays — Coursera

ADDITIONAL INFORMATION

Languages: English, Malayalam, Hindi

Soft Skills: Strong communicator, collaborative team player, quick learner
